EXPERIENCE

Freelance Software Developer — Ecstasy Creatives

MAR 2023 - PRESENT • Freelance

- Demonstrated expertise in developing responsive web apps.
- Implemented a responsive blog application for an airport company, enhancing their internal processes.

Project Trainee — Virtusa

JAN 2023 - MAR 2023 • Internship

- This company had trained me on industry demanding skills like programming, testing, SDLC, Soft skills, etc.
- I have learned Spring Framework, SQL, and ReactJS as part of the training.

NodeJS Intern — Incend Digital

JUN 2021 - JUL 2021 • Internship

- I learned NodeJS by building hands-on projects.
- I have learned to write Clean, Maintainable and Organized code.

Android Developer Intern — Verzeo

APR 2020 - JUN 2020 • Training

- I learned android studio for the first few weeks and worked on a demo weather app in this training
- Learnt flutter as an extra mile to develop cross platform apps.

EDUCATION

Sri Krishna College Of Technology, Coimbatore

BTech Information technology

JUN 2019 - MAR 2023

PROJECTS

Organic Ecommerce store using NextJS - [Project Link](#)

Tech stack: NextJS, Sanity, SendGrid, TypeScript

I have developed a website with simple ecommerce features. Many important concepts of Next and React are used here. This project is powered by TypeScript.

Sharing application using Flutter

Tech stack: Flutter, Firebase

I have developed a mobile app that can share anything within a community. Implemented Firebase phone auth for phone authentication and cloud firestore to store application and user's data.

MISSION

To succeed in an environment of growth and excellence and earn a job which provides me job satisfaction and self development and help me achieve personal as well as organizational goals.
